

# Joe Kanoza's

## "BRUSH STROKE AND TECHNIQUE WATERCOLOR WORKSHOP"

WWW.KANOZA.COM

In this watercolor class, you will learn multiple brush strokes to make your painting more "painterly". Learn when to use hard and soft edges, and the results of each. Rough brushwork and soft brushwork, scratching and blotting all bring your watercolor to life. Learn how to bleed colors and when to do it. Joe will assist each student with these techniques, and help them understand when to use them on the painting the student is doing.

## Watercolor Technique

ARTIST EXPERIENCE LEVEL:
