

# Anne Abgott's "SILVER WITH OLIVES"

ANNEABGOTT.COM

Anne's watercolors reflect outstanding qualities of light and transparency. Anne generously shares her tips, techniques and color choices behind her remarkable paintings that are filled with color and light. She is well known for her techniques for mixing and mingling glowing and vibrant colors directly on the paper plus creating colorful shadows and painting wet-into wet. A strong emphasis on composition in addition to color is also very important in Anne's process.

## Watercolor
